

**Grand Opening**  
**September 30, 2020**

## **Resources and strategies to help teachers do what they do best... teach!**

**Tools for Teachers is an easy-to-use website that features lessons and activities created by educators to save time, enhance instruction, and prepare students for college or a career.**

### **A Commitment to Supporting Students**

Tools for Teachers focuses on the formative assessment process, which helps teachers identify where students are in their learning, where they are going, and how they will get there. In addition, the website was developed with a commitment to accessibility, making it easy for educators to find the strategies that support diverse learners.

### **Variety of Resources**

Tools for Teachers provides access to a variety of resources that teachers can use to support student learning, including:

- Lessons and activities that can help teachers reach students.
- Meaningful descriptions of observable student performance progressions.
- Formative assessment strategies to help teachers identify where students are in their learning, where they are going, and how they will get there.

**Check out Tools for Teachers on Pinterest starting September 30, 2020.**

Smarter Balanced also has resources for teachers on how to best use these tools for distance learning.

INSTRUCTIONAL RESOURCE

## To The Moon: Finding Central Idea

Brendan Lynch  
Updated Jan 1, 2020

ATTACHMENTS

### Get Started

#### Overview

In this task, students will listen to a short nonfiction article about the moon landing. They will take notes on a provided document, and be able to...

#### Learning Goal

- Identify the central idea and key details, which support it, to summarize and use information delivered orally or audio visually.

#### Success Criteria

- Students will be able to write down key details from an article read aloud.
- Students will be able to identify the central idea of the text and summarize the article.
